

Class Charts/Home Learning

Home Learning

Home Learning is a valuable tool in helping students make the most of their learning in school. We assign Home Learning because it is useful in reinforcing what has been learned in class, prepares students for upcoming lessons, teaches responsibility and helps students develop positive study habits.

Home Learning

Purpose of Home Learning

What do we want to achieve through Home Learning?

- Raise achievement
- Consolidate learning
- Revise, practice, and memorise skills and learning
- Partnership with parents – shared experience
- Students to apply learning to new contexts and new problems
- Promote independence within students

What do we not want to do?

- Home Learning to cause stress or anxiety
- Make parents do the Home Learning for students
- Inconsistency across the school/in the strategy

Home Learning

Parental support is invaluable for both students and the school.

How can you help?

1. Create a space in which students can complete the work set
2. Encourage discipline by creating a routine for Home Learning
3. Reward and encourage children when they are completing the tasks set
4. Take an interest and talk with your child about their work
5. Speak to the school if there are any problems with Home Learning

Home Learning

Home Learning tasks are set according to a schedule.

Key Stage 3: 1 piece of Home Learning per week per subject;

Key Stage 4: 2 pieces of Home Learning from Core subjects and 1 piece from Options subjects.

Teachers make students aware of the amount of time that is expected to be spent on each piece of Home Learning, the deadline for submission and whether it is to be submitted on Teams or in class.

Class Charts has not replaced online platforms (The EverLearner, Seneca, Sparx Maths etc). Subjects will continue to set tasks via these for students to complete, but communication of this will be on Class Charts.

Class Charts Parent Set-Up Instructions

Signing up to Class Charts

1. Select [Sign up](#) from the main page and fill in the form provided. Enter your [parent code](#) into the [Access code](#) field.

Please note: Your Access Code is [not](#) the same as your password. The access code is only needed for the initial sign up.

Parent codes were emailed to all parents.

If you have not received yours, please ask at the end of the session.

2. Click on the [Sign up](#) button below the form.

LOG IN SIGN UP

Email address
example@edukey.co.uk

Access code (provided by school)
ABC123

Name
Example parent

Password

Retype password

Class Charts Parent Set-Up Instructions

3. Confirm the pupil's date of birth when prompted. Click on the [Date of Birth](#) field and use the date picker to enter the correct date.

Date of birth confirmation

To confirm you are the parent / guardian, please enter your child's date of birth.

Date of Birth

06/04/2007

OK CANCEL

4. A [confirmation message](#) will appear, indicating that the sign up process is complete. [Verify](#) your email address to continue.

✓ You have successfully signed up.

You must confirm your email address in order to continue.

Class Charts Parent Set-Up Instructions

Once you have registered, please visit your App Store or GooglePlay Store and download the **Class Charts for Parents** App.

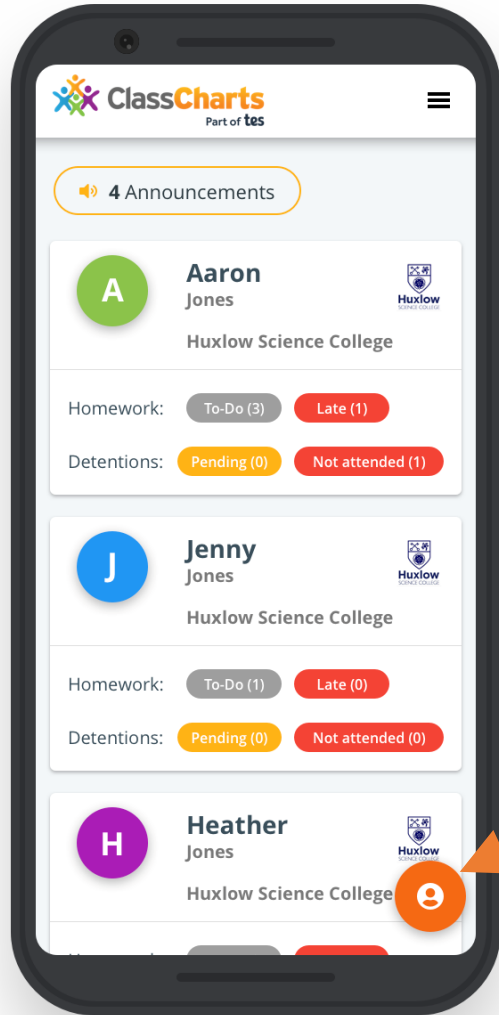

Class Charts Parent Set-Up Instructions

Please sign-in using your email address and the password you have used during the set-up stage.

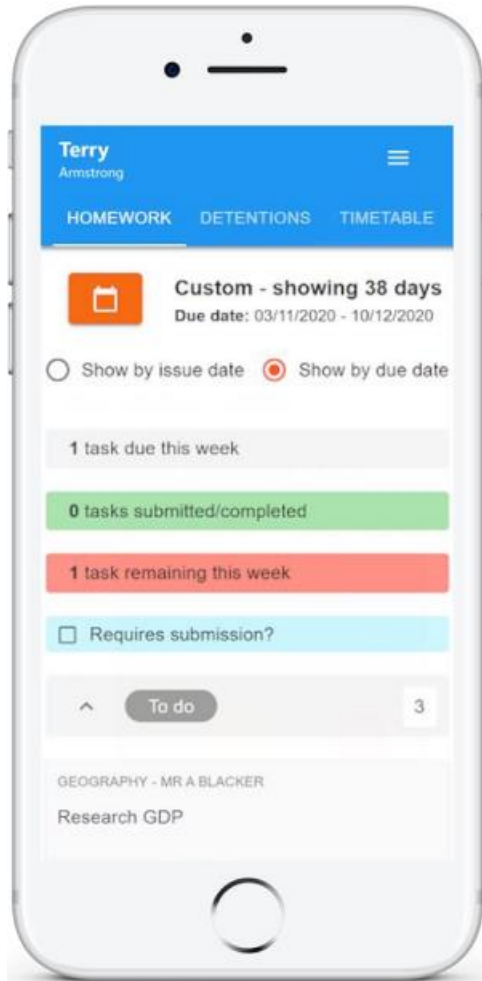

Class Charts Parent Set-Up Instructions

Once you are signed in, you can add additional students to your profile by clicking this icon and entering the code and D.O.B for the additional child(ren).

Class Charts Parent Set-Up Instructions

You should then be able to see the Home Learning that has been set and whether it has been completed/submitted.

Thank You
